

## CERTIFICATE OF ANALYSIS

### 1. Basic Information

|                                              |                                                                               |
|----------------------------------------------|-------------------------------------------------------------------------------|
| Chemical Name:                               | CAS Number: 166330-10-5                                                       |
| oxydi-2,1- phenylene)bis(diphenyl phosphine) |                                                                               |
| Molecular Weight: 538.55                     | Formula: C36H28OP2                                                            |
| Batch Number: 2024050701                     | Manufacturing Date: May,07 <sup>th</sup> ,2024                                |
| Quantity: 362.92KG                           | Retest Date: May,06 <sup>th</sup> ,2025                                       |
| Storage condition:                           | Storage temperature≤30°C, Storage humidity≤75 % RH max, Nitrogen- filled seal |

### 2. Physical Characteristics

| Items             | Standard                  | Result      |
|-------------------|---------------------------|-------------|
| Appearance        | White solid               | White solid |
| Purity (LC-254nm) | ≥98.0%                    | 99.10%      |
| HNMR              | Conforms                  | Conforms    |
| Conclusion        | Comply with the standards |             |
